CRAIG MCALLISTER FROM THE DUGOUT

FIRST TEAM MANAGER CRAIG MCALLISTER PENS
HIS THOUGHTS AS STAINES TOWN VISIT PRIVETT PARK...

On behalf of Gosport Borough Football Club, I would like to welcome officials, players and supporters of Staines Town FC.

Still very early on in the season and both teams are standing as won one lost two, I'm expecting an exciting game this afternoon.

We had a disappointing defeat at Merthyr but this now gives us an opportunity to put things right at home against a team which I am sure themselves are expecting to do well this season.

There are no easy games at this level, myself and Matt have explained this to the team and we all need to be at our best to get results. We've made it clear to the squad that it's so important we win our home games, if we are to achieve anything this season - making it a fortress and a tough place for away teams to come.

Regarding injured players, Mark

"THERE ARE NO
EASY GAMES AT
THIS LEVEL AND
MYSELF AND
MATT HAVE
EXPLAINED THIS
TO THE TEAM"

Childs and Lukas McCartney should be back in contention for selection which is great news for us. David Jerrard is still two to three weeks away with a twisted ankle which happened a couple of days before the season which was a massive blow for us.

Let's make it a positive Bank Holiday weekend with the right results, so please once again give the lads your great support as you guys always do.

A LOOK AT THE LATEST HAPPENINGS IN AND AROUND THE EVO-STIK PREMIER DIVISION SOUTH THROUGHOUT 2018-2019

Tiverton Town and Hartley Witney are the unlikely league leaders of the Evo-Stik Southern Premier League South, albeit at this early stage of the 2018-2019 campaign.

Hartley Witney who have made a staggering rise from the Combined Counties League required a Nathan Smart winner five minutes into stoppage time to defeat Frome Town, and in doing so keep up their perfect start of the season.

Veteran manager Martyn Rogers (pictured) however sees his side sit top; a 5-1 victory at Ladymead against Walton Casuals played its part in giving his team a superior goal difference over Hartley Witney.

Weymouth dropped their first points of the season at The Wessex on Saturday afternoon as they could only manage a 1-1 home draw against winless Beaconsfield Town. The Terras who finished fifth last season despite a mammoth ninety-seven point haul thanked Joshua Wakefield's equaliser two minutes from time to cancel out Brendan Matthew's strike just after half-time.

At the foot of the table Chesham United and Kings Langley remain the only two sides without a point, Chesham were hit by two late Staines Town goals to lose 3-1 whilst Kings Langley were outdone 2-1 by Taunton Town in Hertfordshire.

POPPIES HIT TOP SPOT

A 2-0 home win against Halesowen Town saw Kettering Town hit the top spot of the Premier League Central last Saturday. The former Conference National giants had goals from Marcus Kelly and Brett Solhorn to thank for what in the end was a routine victory over a much fancied Halesowen side this season.

Leon

Broadhurst grabbed a dramatic late winner as Stourbridge earned what could well be a vital 2-1 victory over Rushden and Diamonds at Amblecote. Keeping up with the pace too are Barwell, the Leicestershire outfit remain undefeated as a Brad Hickey brace claimed all three points in a 2-0 victory at Needham Market. Hitchin remain the only pointless team.

DIV. ONE

A LOOK AT THE LATEST HAPPENINGS IN AND AROUND THE EVO-STIK DIVISION ONE SOUTH THROUGHOUT 2018-2019

Ahead of Wednesday night's three fixtures it was Forest of Dean based Cinderford Town that straddled the division following their midweek victory away at local rivals Cirencester Town. It did however take a goal two minutes into second half injury time by Ben Watkins to secure all three points at The Corinium Stadium.

It has been a good start too for newly promoted Blackfield and Langley, the Southampton based outfit made it two wins out of two also as they made light work of Fleet Town with a 2-0 success away from home.

Winchester City overcame a two goal half-time deficit as they bounced back to defeat Thatcham Town 3-2 at the Denplan Stadium. Reece Rusher and Joe Cook grabbed

two early second half goals before a late strike by Tyrell Mitford claimed the victory.

Former Southern Premier League outfit Yate Town are still holding on to a 100% league record, this time after beating Bideford 2-0 in Gloucestershire, Melksham Town are also holding the same record, they made it two wins from two with a 1-0 win at Paulton.

The local derby at Testwood Park on Tuesday night went the way of the home side as AFC Totton defeated 2017 Wessex League champions Moneyfields by a goal to nil, with former Winchester City hitman Craig Feeney (pictured) finding the net just before half-time.

WESSEX LEAGUE

High-flying Cowes Sports were left reeling ahead of the weekend's fixtures with the news their former England international manager Steve Hunt had quit the club.

The Yachtsman had made a tremendous start to the campaign, winning their first two games before Hunt handed his notice in. The team's reaction was not great as Cowes were defeated 4-1 in Portsmouth by Baffins Milton Rovers in their first game without Hunt at the helm.

Perennial big hitters Sholing sit

nicely placed at the top of the Premier Division table following a 5-1 victory at Christchurch on Friday night. The 2014 FA Vase winners have only TadleyCalleva with them on a 100% record. The newly promoted Tadley continued their perfect start to the season with a 1-0 away win in The New Forest against Brockenhurst.

SPORTING IN ELEVEN HEAVEN

Kiddlington's night-mare start to the season continued on Tuesday night as big spending Southern League newcomers Bromsgrove Sporting trounced the Oxfordshire outfit 11-0 at the Victoria Ground. Former Stafford Rangers forward Richard Gregory hit five as The Rouslers powered their way to the top of Division One Central following their Midland Football League title success last term.

Sleeping giants Bedford Town have enjoyed a positive start to the campaign as well, a 3-0 home victory at The New Eyrie on Tuesday night sees them sit in second place.

Coleshill Town are enjoying the start to life in the Southern League also, a 5-2 away victory at Kempston sees them third.

STAINES TOWN

PROGRAMME EDITOR CHRISTOPHER DAVIS DELVES INTO THE HISTORY OF TODAY'S VISITORS

A new name in the fixtures diary for Boro fans this season is Staines Town, who following transition from the Isthmian League in the summer visit us at Privett Park this afternoon after the journey down south from Surrey

Despite not having made a trip to Gosport in recent years; they are certainly not an entirely unknown entity –with the two sides regularly trading blows during several seasons of football together in the Conference South.

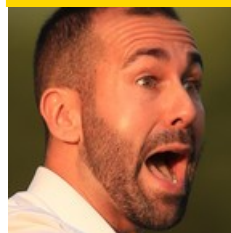

Last season saw Staines achieve an eighth place finish in the Bostik Premier League and following Tuesday night's late 3-1 victory

over early season strugglers Chesham United will be looking to build upon their Isthmian League performance in the Southern.

CONFERENCE CALLING?

Now under the stewardship of highly rated Spanish Head Coach Cristian Colas following his move from Biggleswade Town in the close season, Town will be looking to start threatening a return to the Vanarama Conference set up after a four season absence. Last season saw an eighth place finish in the Bostik Premier and despite not setting the league on fire - it was the first time the Surrey club had fin-

Staines Town earned their first ever victory in the Southern League at the third time of trying after a late flurry secured them all three points against early season strugglers Chesham United. The visitors who have now duly lost all three of their opening games had conceded a goal halfway through the first half when striker Ruudi Clarke netted what indeed was his club's first goal of the season. When Chesham netted a seventy-fifth minute equaliser through Darren Locke it appeared the contest would be heading for a stalemate. However Harry Stow had not read the script putting The Swans ahead with four minutes to go—before Clarke was on target again, netting a mere two minutes later.

ished in the top-half of a league since 2013-14, they will be looking to build on that and eyeing a play-off spot at least.

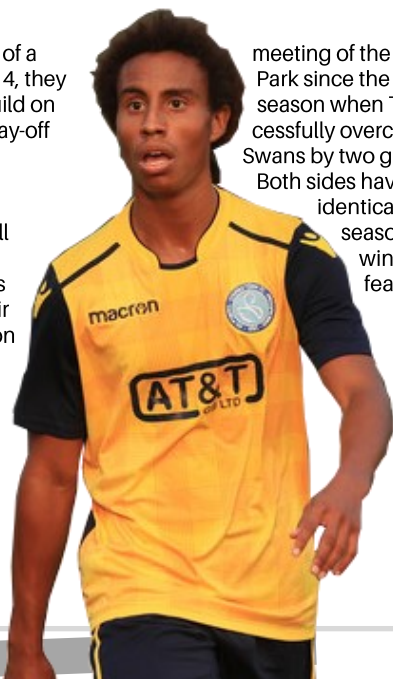

KEY MAN

Currently firing on all cylinders is Ruudi Clarke, his two goals helped Town to their first win of the season last weekend. He was previously with QPR and has attracted the attention of League One club Walsall.

#BOROVSWANS

This is the first

meeting of the sides at Privett Park since the 2014-2015 season when The Boro' successfully overcame The Swans by two goals to one. Both sides have made an identical start to the season with one win and two defeats.

MANNY AGBOOLA

Emmanuel joined Staines Town on loan from Oxford United in August 2018. He had been with at Reading's John Madejski Academy before joining The U's in summer 2015, and within a couple of years had earned a pro' contract. Had a loan spell with North Leigh in 2016/17, and in the second half of last season had a month on loan at Hampton & Richmond Borough followed by three at Leatherhead. Mature beyond his years, he has great reflexes and is a good organiser of his defence. Although born in London, he is reported to have opted to commit to play for his ancestral home of Nigeria.

ELAN ASSIANA

A former junior at Fulham, where he won the U14 Premier League Cup and was Player of the Year, he was picked up by Manchester City, playing in their U16s, youths, and reserves and winning the League. On 6 October 2014 he was transferred to Charlton Athletic and gained further National League honours, winning the U18 and U23 titles. On 8.11.13 he gained his England U16 cap, playing against Northern Ireland. Elan was born in the Republic of the Congo, and also gained U20 caps for that nation. As well as being a powerful central defender, he can also operate as a right back, striker, or central midfielder.

RUUDI CLARKE

After starting out at Walton Casuals, Ruudi was quickly snapped up by Queens Park Rangers, where he played right through from the U8s to the U23 side!

LIAM HIGGINS

Joining Staines Town in May 2018, Liam is 6'1" tall and comfortable in the centre or left side of the defence. Spent the early part of his career playing in his native New Zealand, both in summer (national) league, and the regionalised winter competitions, playing for teams such as Upper Hutt AFC, Lower Hutt AFC, Team Wellington, Wellington Phoenix, Young Heart Manawatu, WaiBOP United [Waihatu / Bay Of Plenty], Stop Out FC, and a second stint at Team Wellington. Crossing the Tasman Sea, he appeared for Australian clubs Noble Park United, Richmond SC, and South Springvale Aris. He earned a total of 17 caps for New Zealand at all levels.

BRENDAN MURPHY-MCVEY

Came to Staines Town in June 2018, having spent the previous season with Bostik South champions Carshalton Athletic, and on loan at Kingstonian. Looks stylish when going forward, and has also appeared for Whyteleafe, Tooting & Mitcham United, Walton & Hersham, and Three Bridges.

HARRY WICKENS

Harryson came to Staines Town from in June 2018 having spent the previous season in Aldershot Town and AFC Wimbledon. He was part of The Shots U19 squad that won their National U19 Alliance divisional championship by a remarkable 19 points. He is 5'8" tall and has previous experience at Norwich City and Walton Casuals.

ABOUT TOWN

'Easy now, me breadsticks' - a little unfairly Staines has become somewhat infamous as the stomping ground of comedian Sacha Baron Cohen's fictional character Ali G. Synonymous as the home of the 'Staines and Egham Massiv' the town can boast much more.

To go by its full name - Staines-upon-Thames lies seventeen miles west of London in Surrey. Tracing its roots back to the Roman era, the first mention of a settlement was as a river crossing in AD43 following the invasion of Claudius in the same year.

The town built its reputation as a location of several coaching inns, based in a convenient location owing to its proximity to the City of London and also lying along the Trafalgar Way which linked the capital to the maritime centre of Falmouth.

Like many areas in and around London, the railway allowed suburban expansion, especially during the industrial revolution of the mid 1800s. These days however, the town attributes the majority of its economy to the nearby Heathrow Airport.

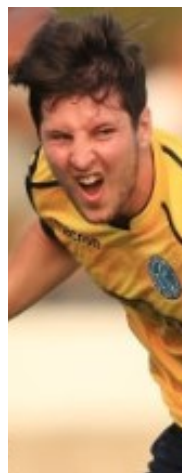

KEY MEN

WE LOOK AT THE EIGHT PLAYERS MOST LIKELY TO CATCH THE EYE TODAY...

THOMAS GOGO

Joined Staines Town in July 2018, having previously been an U23 player with Crawley Town/ He spent 11 years at the West Ham United Academy, rising to their U21 squad, and on his release had a short spell with Redbridge FC before the move to Crawley. Represented West Ham Schools, and Hackney & Tower Hamlets Schools. He is of English and Ghanaian background and is 5'10 1/2" tall.

GEORGE FRY

A former youth team player with Knaphill and Sutton Common Rovers, George then moved on to Corinthian-Casuals, although interrupting his time there with a spell at Evo-Stik Northern Premier League side Witton Albion in 2016/17. Joined Staines Town in June 2018.

IAIN MCINNES FROM THE BOARDROOM

Our opponents today from Staines Town FC are very welcome and I hope they didn't suffer too much frustration in the bank holiday traffic. Sitting alongside ourselves on 3 points after a mixed bag of opening results they will be as keen as we are to increase that tally in what's likely to be a competitive and hopefully entertaining match.

Very clear already that the re-shaped Premier Southern League is going to be very competitive with some surprising results based on perceived standings being recorded to date. I'll let 'Macca' speak to the results and performances other than to say we can improve and expect that improvement to show as we get into the season.. Early days yet and my usual practice is to see how the division is shaping up after say 10 games.

Pitch condition has been a factor and a common topic in the games to date. Having played on the lush green surface which we've worked so hard to provide this season, we then encountered a surface firmer than the motorway we travelled to the ground on and then met with the challenging and to most unfamiliar 3G pitch at Merthyr. All in all I think the 'green, green grass of home' is most desirable.

We'll continue throughout the season to develop the club in all aspects of its operation and especially the communication and further involvement of all those supportive and desiring a more successful and inclusive club. Those initiatives will happen regularly and positively in a sustained effort to get your club back to where it belongs.

Join the journey.

GBFC IN THE COMMUNITY

Here at the Boro we are pleased to support worthy projects & organisations that are committed to working for the good of our local community.

Based out of Bridgemary, Gosport Live at Home support older people (60+) within the community through helping maintain their independence and reduce loneliness and isolation.

We do this by offering a variety of support at local community level, including activity groups, outings, lunch clubs and befriending services, as well as our managers surgery, where members can come and discuss any issues they have.

We recognise that isolation within the wider community is an increasing challenge for many of us as we age, affecting us not only physically, but also at deeper emotional and spiritual levels as well. That is why our passion and ambition is for every older person to be connected within a caring community, so that they can continue living fulfilled, independent lives for as long as possible

be the first ever league meeting between the two sides however, with The Met leaving the Southern two years before Gosport joined in 1979. Last season they finished tenth and will be eyeing the play-offs this term.
