A VERY WARM WELCOME TO YOU ALL

And particularly to the officials, players and supporters of Molesey for this first game in the newly expanded Isthmian Bostik League, South Central Division following our recent return to the league after a long absence in the Southern League. We look forward to renewing acquaintance with some old rivals as well as meeting new faces as the composition of the league is very different to that which we left at the end of the 2003/04 season.

Traditionally all clubs and supporters enter this new season with high hopes of a successful outcome but also know that everybody's wishes will not be met. I think that can be accepted and not achieving our hopes is a very possible outcome and can be accepted if there is desire and effort shown on the pitch. Today is the start of a long journey that will take us through to the end of April and we can but hope that is what will be seen over the coming months. In return I hope that real appreciation will be shown from the terraces to the players in acknowledgement of their commitment and effort. Pulling together will most likely get results!

The draws in cup competitions have so far not been at all kind to us with away ties in all three competitions to date (only the B & B Senior Cup to come) but let's hope that we fight our way through and are rewarded in the next rounds with some home games.

I cannot end this page without acknowledging the work put in during the close season in brightening the ground – those involved know who they are and rather than name names I will leave it at that rather than risk omitting a name of anybody who spent time here.

Many thanks for coming this afternoon and now for my usual closing plea to get behind the lads and support at all times – it really does make a difference and will do throughout the season!

FROM THE DUGOUT

Good Afternoon,

I hope you have all enjoyed the summer break and are looking forward to this, our first home game against Molesey. It's been pretty much all I've been working towards since the final whistle of the final game last season.

Over the summer we've worked hard to retain the players we wanted from last year, and also to bring in the new faces we thought were needed to push us forward. That work has left us with a strong and deep squad to kick off the 18/19 campaign. I think when I look back over the last 2 years at the sides that have won the league, Royston and Beaconsfield both had deep, strong squads and I think its undeniable that it gave them an advantage over the course of the season, and we must look to try and replicate that in order to achieve our targets.

Our pre-season form has been as expected, with a large squad needing to get enough match minutes to ensure that they are sharp as we head into the season. We have had our usual sprinkling of unexpected trialists as well, and thankfully one of them was good enough to improve us.

The physical work has also been demanding and I do salute the players for their application, especially considering the tropical conditions. We absolutely believe this will yield dividends as the season progresses and I hope you are all able to see that in our game play. It's always a tricky time at the beginning of the season, because you never quite know where you are relative to the competition, but I guess we'll have more of an idea in a couple of hours!!

Have an enjoyable afternoon, and thanks for spending it with us here at Oak Tree Road!

WELCOME TO OUR NEW DIGITAL PROGRAMME

The Directors of Marlow Football Club have taken the bold decision to replace our traditional printed programme with a new digital version of the programme. There are several factors that have led us to taking this step and we understand that it will be quite a change for many of our supporters who have been purchasing printed programmes for many years, but we believe that it is the way forward for programmes for non-league football.

Perhaps the biggest change of all is that the digital programme will be distributed free of charge. Over the coming weeks we will be adding new ways to download programme from different channels – our club website, Facebook, Twitter and from QR codes that will be displayed at the ground. This will enable you to get the programme on your smartphone, tablet, laptop or PC – the choice is yours.

With this new approach our programme will now be available to a much larger audience and can be shared freely to anyone who would like a copy.

The digital programme is in PDF format and is sized to be readable on a wide range of devices and screen sizes. To get the best experience I recommend that you import the digital programme to your eBook reader. We have tested the programme with iBooks (the built-in app on the iPhone & iPad), with Google Play Books (on Android), as well as Kindle, although there are many different apps you can use.

The programme is intended to use the built-in auto-rotate feature, particularly when viewing the tables. If you experience any problems with this, make sure it is enabled on your device.

I hope you enjoy our new digital programme and would welcome your feedback and any suggestions for how we can make enhancements. I would also ask for you to contribute new content. To keep the programme fresh and interesting to read, we need you to contribute new content, so if you are a budding journalist and would like to write an article or maybe even a new column, please get in touch.

MOLESEY FC – CLUB HISTORY

Molesey is both a village and a club steeped in history stemming back as far as the late 1800's and a Molesey side won the Surrey Junior Cup in 1913; it was in 1953 that the senior club was officially formed when Molesey St Pauls Utd joined forces with another Molesey village side to become Molesey F.C. The club spent its' early years in the Surrey Senior League with some degree of success in both league and cup competitions.

It was back in 1958 that the club last enjoyed a major honour when they won the Surrey Senior League just five years after their formation. Whilst they have sampled life in the Isthmian Premier Division it was all too brief and the club have ambitions to climb the pyramid once again and hopefully return to the Premier Division and maybe beyond. Molesey FC enjoyed halcyon days in the early 60's with three appearances in the Spartan League Cup final and Jack Anders' Easter tournaments which featured both local and German sides were always both well supported and financially rewarding but there was little to cheer again until 1972 when the club reached the Spartan League final once again but lost to Bracknell Town at Egham Town FC.

John Sullivan was the man who changed the direction of Molesey F.C when he took over following the club's election to the Athenian League. A host of star names appeared for the club over the next few years including Cyrille Regis who later went on to England honours. Regis netted 27 goals in a very short time here before departing suddenly and unexpectedly to Hayes who quickly benefitted when they sold him for £5000 to West Bromwich Albion. During Sullivan's reign Molesey enjoyed a fantastic record breaking season in the Premier Midweek Floodlit League in 1976/77.

The club won 9 out of 10 group matches, broke the aggregate goalscoring record and when Chris Proctor netted five times against Hayes it was an individual scoring record. Despite Sullivan's obvious eye for good players and some excellent runs in the F.A. Vase Molesey failed to win a trophy during his time in charge although they did progress to the new Isthmian League set-up in 1977. They finished in in the top half for the first four seasons and only missed out on promotion to Division One in 1978 when they drew 1-1 at home to Camberley in their final game which they needed to win.

After Sullivan's departure a yo-yo existence followed for many years and the club almost went out of business during the mid 80's under the chairmanship of Graham Pearce; his untimely but ultimately necessary departure forced three long serving members to take over and those three gentlemen with the backing of the members

MOLESEY FC – CLUB HISTORY

saw the club through a tough period; what they did not know was how inspirational their decision to appoint Martin Eede was to prove.

Eede arrived in 1987 and helped turned the club around. Together with right hand man Ray Best, Eede was responsible for a gradual improvement in the clubs playing fortunes and that improvement reaped its' due reward when Molesey were runners-up to Yeading in 1990 and gained promotion to division one.

Eede stepped aside to become football chairman and Tony Dunne joined the club to lead them through an incredible spell; again with Ray Best in the backroom staff alongside Richard Higgs the club earned two Southern Combination Cup successes, promotion into the Premier and runners-up in the league cup final in 1993. This was the clubs best ever season and included a club record 11 straight league victories. This was also the season in which the club made its' only foray into the 1st round proper of the FA Cup but they were beaten here by Bath City after a glorious run.

Off the field Eede became the principal figure in cajoling the clubs members and supporters through hours of hard work as they carried out the necessary ground improvements required for our promotion to the Premier Division. Dunne eventually left due to business pressures but former Sutton United defender John Rains kept the momentum going and in what was an exciting season the club finished 8th in the Premier, their best ever league placing at the end of 1994/95.

Sadly Molesey lost the services of both Rains and Eede and two relegations in just three years saw them back where they were ten years earlier. South African businessman Clark joined the club in 1997 but departed in January 2004 after seven somewhat controversial years. Ray Best returned to the club during the ex-Football chairman's early years and his influence was again obvious as he took the side into the top half of Division One before a somewhat surprising departure, one which Molesey supporters found difficult to comprehend given the sides position at the time.

Several managers came and went during Clark's tenure at the club as Molesey fought to gain promotion once again and Pete Johnson was appointed as manager in May 2002; under his command the club enjoyed their best F.A. Cup run for ten years; by mid October they had already beaten Hassocks, Fisher Athletic, Hitchin Town and Chertsey Town scoring 12 goals and conceding just 2 before defeat by Farnborough Town. A poor league run resulted in the resignation of Johnson in February and Ian Hazel took over but after guiding the side to safety with a run of just 2 defeats in their last 14 matches he walked away when he seemed set to lead

MOLESEY FC – CLUB HISTORY

us into the new campaign while Steve Moss's rein was brief and his departure both acrimonious and very public.

Everton and Wales legend Neville Southall took the reins on a caretaker basis, before the club appointed Steve Beeks as boss in October 2003. However, the club was shrouded in off-pitch problems, and following a long term investigation by the Football Association, who insisted the club hold an EGM, Norman Clark resigned as Club & Football chairman in January 2004. Southall case is still on going. Beeks and his backroom team stayed on with the full backing of the new committee and he became the clubs longest serving manager since Martin Eede and was greatly admired around the club . Off the field, there was tremendous progress around the ground, by some amazing people and club volunteers. The much needed new clubhouse, driven by Chairman John Nunn, was finally opened in April 2006.

However the ongoing legal battles took their toll, with the club being forced to significantly reduce its playing budget for the 2007/08 season, resulting in the resignation of Beeks, who felt he had taken the club as far as he could.

Ex reserve team manager Steve Webb was appointed as first team manager in the summer of 2007, and along with long-time assistant Pete Lelliott immediately set about rebuilding a squad that had been decimated following Beeks's departure.

Sadly, the club struggled both on and off the pitch; key off-field personnel left during the summer and relegation seemed inevitable from an early stage, as the team begun the new year on a torrid run that saw them amass just 4 points from 16 games, culminating in relegation to the Combined Counties Leagues, a very hard pill for all to swallow after 30 years as an Isthmian League Club.

Webb continued as manager in 2008/09, once again assembling a squad virtually from scratch. His new-look side took time to adjust to life in the CCL, although a fine run either side of Christmas took the club to the outskirts of the promotion race, before injuries and loss of form took their toll, resulting in a mid table finish. The club enjoyed moderate success in cup competitions, reaching the semi finals of the League Cup, and bowing out of the FA Vase at the Third Round after a long trip into Norfolk to face Dereham Town.

2009/10 With Webb continuing as manager, the Moles began the season with a settled side, a top 6 finish being the aim. After a dreadful start the ship appears to have been steadied, with the management and committee looking to set the foundations for a return to the Isthmian League, as well as establishing greater links to the community.
