The Gaffer's Chat

Louis Langdown

Today we welcome Evesham United fresh from their midweek cup success over Slimbridge. In recent years our games against Evesham have always been good games and close affairs. History tells us they will be right up there again this season. Having been a perennial play off team I'm sure they would want to go and get promoted. If we can match them today we will take plenty of confidence.

The break since the excellent 2-0 home win over Street has allowed a couple of

players the time to recover from knocks. But it looks as though Liam Crook who has been playing through the pain barrier since the Moneyfields game, will join Jack on the sidelines for a while. We have coped without Tom Bearish for a few games after he was recalled by parent club Eastleigh. Good news for Tom is he made his National League debut in this time, bad news is he picked up an injury. We are hopeful of having him back soon. Justin has stepped up his rehab and the good news is he's not far

from making the match day squad.

We have made a solid start to the campaign and with a bit more luck and continued hard work the team can kick on from here. We have seen plenty of positives in the team's displays and we will have to be at a good level this afternoon to compete with one of the league big teams.

Enjoy the game, UTS.

EVO-STIK LEAGUE SOUTH

Chaplain's Corner - Saturday 15th Sept

Good afternoon everyone and welcome back to the Testwood Community Stadium for this afternoon's game against Evesham.

A warm welcome to all the players, staff and supporters who have travelled down from Worcestershire, we hope that you have an enjoyable afternoon and a very safe journey home.

I recently heard a conversation between a group of people in which one of the group was berating someone not within the group. The group were being told about how this other person, in the opinion of the individual doing all the talking, was, to sum up a long conversation, "...a let down and a waste of space...."

The group, perhaps not wanting to get too involved or not knowing any different remained fairly non-committal, but to many extents, the damage was already done, the words had been spoken, and even if the group remained sat on the fence, their view of the berated person was undeniably tainted by what were very easily spoken words.

And therein lies the problem. Words are easily spoken, whether that be verbally or written across social media platforms and the power of those words can cause huge amounts of damage; they can undermine business, they can break those who are vulnerable and they can cause people to take unwarranted actions through words based upon one person and therefore often without foundation.

It drew me back to a similar situation where someone tried to tell me about an individual, providing me with what they perceived to be evidence of wrongdoing and failure, in their

opinion. What they didn't know was that I also knew the person that they were making very strong personal and nasty comments about and that the comments were in fact not only baseless but so far removed from reality. The problem was that the person who had the comments made against them was not one for conducting their life in the full glare of social media; they didn't have to be the centre of conversation nor did they seek applause and platitudes for everything they did. They merely got on with what had been asked of them below the radar, often out of sight achieving greater results than those who now criticised them; but to the dissenters the failure of the individual to not trumpet their own success, to want to share every single detail of their life or to seek self congratulation constantly made this person an easy target; despite the reality being that it was the criticised person who actually achieved far more.

Before we speak; and it is so easy to speak out; take a moment to think about the effect of the words we speak, the effect that they will have on all who hear the words (directly and indirectly) and just what the other side of a story may be.....for there always are two sides!

And two sides will be right at it this afternoon, so we should have a great game on our hands. Enjoy the afternoon and keep on cheering Louis and the boys right to that final whistle.

By David Richardson

23 years on from the landmark introduction of the Bosman rule, last week saw another instance of player power carving into football's status quo with Denmark players holding a strike over their commercial rights.

The holdout by the likes of Christian Eriksen, Kasper Schmeichel and Lasse Schone was the result of an in-house conflict between players and the Danish FA over their own individual sponsor deals and the national team sponsor, Hummel.

The dispute saw the Danish FA resort to calling up players from the third tier of its football pyramid as well as futsal players for the international friendly against a full-strength Slovakia side.

All the talk was whether the Denmark FA (DBU) could save face and reach a middle ground before the match in Trnava as well as a competitive match which followed against Wales. For the first match, they couldn't.

Ticket prices for the Slovakia game were slashed to €1 and, with little to be expected from their team, Denmark's makeshift side was defeated 3-0. Which isn't exactly a drubbing by any means for a team hastily assembled like a Frankenstein.

Humiliation for the DBU was averted in time for the UEFA Nations League clash with Wales on Sunday. Out of a situation spawned from the politics of sports

business, let's not forget that the players from the third tier have a national team cap.

When speaking to players from our own lower leagues who have won England C honours, they describe it as a 'very proud moment' to represent your country and a 'privilege'.

Here are three other times football has been downright barmy.

Robert Hoyzer and Germany's referee fixing scandal – 2005

German official Robert Hoyzer came under the microscope from the powers at the DFB after a cup match involving Hamburg and Paderborn when he awarded two penalties and also sent off a Hamburg player.

Having initially pleaded his innocence, Hoyzer then confessed to being complicit in a £1.1m scandal which went beyond the German Cup and also affected the Bundesliga 2 and third division Regionalliga leagues.

An organised crime faction from Croatia as behind the rigging of the betting market which threatened the integrity of the FIFA World Cup Germany was set to host less than 12 months on from the court proceedings against Hoyzer and other officials and players implicated in the scandal.

Hoyzer was banned from football for life and sentenced to two-and-a-half years

in prison, while five others were also handed custodial sentences.

Roy Keane slurs manager Mick McCarthy ahead of Ireland's World Cup in Japan – 2002

A difference in opinion which derailed Ireland's World Cup preparations for the World Cup in Japan and South Korea. Midfielder Keane saw no reason to bite his tongue over the way manager Mick McCarthy had led to team to only the third World Cup in the country's history.

In a row at a pre-tournament training camp, Keane ranted at McCarthy in front of his team-mates calling the manager "a liar" and a "f***** w*****".

Goalkeeper Shay Given described the exchange as a "a total destruction of Mick, personally and professionally".

Keane was sent home from the camp in disgrace and wouldn't feature at the World Cup. Draws against Cameroon and Germany and a 3-0 win over Saudi Arabia led to the Irish progressing to the Round of 16, where they met Spain and lost on penalties 3-2.

McCarthy was sacked after the tournament and Ireland have failed to reach a World Cup since.

10 players sent off after mass brawl – Vitoria v Bahia, 2018

There's something about South

American football and short-fused tempers. No surprises then when a yellow card was brandished within the first minute of play between Brazil top-flight rivals Vitoria and Bahia.

Despite a flurry of yellow cards nothing appeared out of the ordinary during a first-half display which saw Vitoria hold the lead 1-0 at the interval. This was the first time in three seasons sets of supporters from both teams were allowed to attend the match. But it was on the pitch not in the stands that the match would descend into chaos.

Four minutes into the second half a converted penalty by Bahia's Vinicius led to a 'crude' celebration in front of the opponent's supporters, something Vitoria goalkeeper Fernando Miguel didn't take too kindly to. And after confronting Vinicius he was backed up in violent ways by his team-mates who unloaded punches on their opponents.

The furore was brought under control after 16 minutes when the referee dismissed a total of eight players; five from Bahia and three from Vitoria.

Incredibly, the match went on but it would not last the full 90 minutes as on the verge of the 80th minute as two more players were shown red cards, reducing Vitoria to six players and leading to the match being abandoned.

Today's Opponents

A brief history of Evesham United FC

The Evesham United Football Club that we know today dates from just after the Second World War when soldiers returning from action reformed the club and immediately joined the Worcestershire League. However, a club did exist in Evesham prior to the War, the "Town" reaching the F.A. Amateur Cup Final in 1923, losing 1 – 2 after extra time to London Caledonians at Crystal Palace.

Starting in the 1951/52 season, in the club's first five years in the Worcestershire Combination they were League Champions twice and runners-up on two occasions, their lowest position being third in that first season. In 1956 they left to join the Birmingham League and followed this with a move to the Warwickshire League in 1959 before returning to the Worcester (now Midland Combination) in 1963. They won the league title four times (1965/66, 1967/68, 1968/69, and 1991/92) and reached the Challenge Cup Final on six occasions, lifting the trophy

in 1988 and 1992.

Initially the club played at Crown Meadow, moving to Common Road in 1968 and opening the clubhouse in 1975.

A terrific season in 1991/92 saw the club complete a memorable double of Midland Combination Premier Division Champions, thus achieving promotion to the Southern League Midlands Division, and the Combination Challenge Cup. They also reached the quarter final of the F.A. Vase before losing to eventual finalists Guiseley. Some £5,000.00 was spent on the ground and they marked their first season in the Southern League by finishing in a creditable 15th position. A number of Managers and poor seasons followed but in November 2003, former Coventry City defender, Davis Busst, was appointed a successor to Phil Mullen. Busst took over a club struggling near the foot of the Dr. Martens League Western Division but managed to turn things around and Evesham eventually finished mid-table with a creditable 50 points. The 2004/05 campaign saw

Evesham take their place in the Southern League Division One West, with Busst in his first full season in charge with the experienced Paul West as his assistant. It turned out to be a season to remember for Evesham's long-suffering fans with the Robins earning a place in the play-offs. A tense 2 – 1 victory against Ashford Town (Middlesex) paired Evesham with local rivals Bromsgrove Rovers in the play-off final. A crowd of over 800 squeezed into Common Road to witness Evesham romp to a 4 – 0 win and promotion to the Southern League Premier Division for the first time in their history. After a poor run of results, Busst left in February 2006 and West stepped up to take over. Despite a marked improvement, Evesham were relegated on the final day of the season, finishing just one point behind Northwood. After selling their Common Road ground for housing Evesham entered into a ground share agreement with Worcester City whilst moves were being put in place to build a new stadium on the southern outskirts of Evesham.

EVO-STIK LEAGUE SOUTH

In 2006/07, the club took a step in the right direction with former Wigan, Bradford and Port Vale defender, West, again at the helm. Evesham lifted the Worcestershire Senior Cup for the first time, beating Stourbridge 2 – 1 in the final. The play-offs were also reached but unfortunately a late goal ensured Bromsgrove a narrow 1 – 0 win and eventual promotion. Season 2007/08 turned out to be one of the most memorable in the club's history. The club took Blue Square Premier Halifax Town to a replay in the 4th Qualifying Round of the F.A. Cup before losing 2 – 1 at the Shay. In the Carlsberg Trophy, West's side beat higher graded Bromsgrove Rovers and Corby Town on route to the 3rd Qualifying Round, before going out at Blue Square North Redditch United after a replay. However, it was Evesham's league form that caught the imagination. Despite suffering three defeats in the opening six games. Evesham put together a remarkable run of results and stormed to the top of the British Gas Midlands Division. Only two more reversals followed in 34 league games and West's side clinched the

Championship ahead of Leamington with a game to spare. A massive 91 points were bagged, and a staggering 22 clean sheets kept in 40 games with the experienced Mark Owen topping the clubs scoring charts with 33 goals, including two hat-tricks. 2008/09 saw Evesham back in the Premier Division and finishing in a creditable 9th position. They reached the 1st Round Proper of the F.A. Cup for the first time in their history before bowing out to Torquay United at Plainmoor and completed a second Worcestershire Senior Cup win in three seasons when defeating Kidderminster Harriers in the final. 2009/10 was a season of struggles as the Robins finished in 16th place. After being just outside the play-offs when the bad weather disrupted the season, a disastrous run of only 2 wins in the last 25 games saw them in freefall, before they finally made sure of staying in the division with a point at home to Bedford Town with three games left to play. 2010/11 was again a season of contrasting fortunes with the club in the drop zone at Christmas and staring relegation in the face.

However, some shrewd signings saw the club enjoy a tremendous run of form and climb the table to finish in a respectable 12th spot runners-up Salisbury City. After five and a half years at the helm Manager Paul West and his brother and Assistant Manager Leon West called time on one of the most successful periods in the club's history. Matt Clarke was appointed as the new Manager at the end of November 2011 and joining him as his assistant was Rob Elmes together with UEFA B Qualified Coach Kieran Jackson. Season 2011/12 was a disappointment with the club being relegated from the Evo-Stik Southern Premier Division and after spending six years ground sharing at Worcester City Football Club the Robins began the 2012/13 season in Division One South & West at their new Spiers & Hartwell Jubilee Stadium. A mediocre start to the 2012/13 season saw Matt Clarke and Rob Elmes resign from their positions with Paul West returning to see the team through to the end of the season. West departed in early May 2013 and was replaced by former West

Bromwich Albion and Sunderland midfielder Shaun Cunnington. The experienced Cunnington managed previously at Willenhall Town, Alvechurch and Halesowen Town. The squad was re-vamped with high hopes for a successful 2013/14 campaign. However, after a series of poor results Cunnington resigned his position at the end of October with former Bishops Cleeve manager Paul Collicutt taking over as the new permanent boss. Season 2013/14 was a disappointing one for the Robins who finished 16th in the South & West Division. Season 2014/15 will be remembered as one of success and heartache for the club. The Robins enjoyed an excellent run in the FA Cup before bowing out to Conference South side Bromley in the Fourth Qualifying Round after beating higher graded Redditch United and Histon on the way. Following the FA Cup exit a remarkable run of form resulted in just one defeat in 28 league games and a second-place finish in the South & West Division behind Champion Merthyr Town. However, despite home advantage in the play-offs Evesham suffered a disappointing defeat against Larkhall Athletic.

Season 2015/16 was another successful one for United who finished just two points short of the playoffs. Due to Cinderford's refusal to accept promotion at the end of last season, United were originally placed in the Evo-Stik Northern League, but after a successful appeal were re-instated in the Southern League South & West Division. The 2016/17 campaign saw the Robins reach the South & West play-offs for a second time in three years but were narrowly beaten by Salisbury City in the Semi-finals. For the 2017-18 season, Paul Collicutt will again be in the hot seat looking to go one better this time around. In 2017/18 the club did not have a brilliant start to the season in either the league or in the cup competitions, losing to Newcastle Town in the FA Cup Preliminary Round replay, having drawn at Newcastle 'The Robins' lost 3-2 after extra time. A first-round defeat at home in The FA Trophy to Cirencester town saw more cup misery, this was compounded when Stratford Town put Evesham out of The Bigfreebet League Challenge Cup at the very first hurdle. In the league victories were hard to come by winning just 8 of the first 18 games of the season. With mid-season

form looking reasonable it was starting to look like being a mediocre season until United put together a fantastic late season run, winning 9 out of the last 12 league games. The play-off semi-final had an air of Déjà vu about it, with the scores between 'The Robins' & Swindon Supermarine being all level after 120 minutes, it was another season of not to be as Supermarine who eventually won the play-offs pushing Evesham aside 5-4 on penalties. Making the play-offs for a third time in four years was no mean feat, and one that would afford Paul 'Colly' Collicutt another tilt at promotion in 2018/19.

Stags in the Community

Stronger Together
As One

Why do we do what we do?

We are a Not for Profit Community Interest Company established to provide innovative and inclusive participative life opportunities, often through means of engagements with sporting resources for the most isolated, marginalised and excluded within our local communities.

It is so wrong that people can spend months at a time in their home without venturing as far as the shops because there is not the support or opportunity to do so.

Stags in the Community are committed to changing that, providing where we can and are able, often in association with diverse community engagement partners, opportunities for people to take part in activities where they can, where they feel able to, where they can afford to and where there is no pressure or expectation on ability, performance or circumstances.

Our programmes include...

Community Update - 15th September

Back to Sport

Since the launch of the Walking Football at AFC Totton six months ago, we have seen a steady growth in Back to Sport sessions being run at the club.

These sessions are open for anyone to come along and join in with. There is no pressure on commitment so if someone can make one week but not the next, that's absolutely no problem at all; and the sessions are not about trying to find the next Ronaldo, Joe Root or Tracey Neville; no, these sessions are about having a go at some low impact sport, meeting new people, making new friends and above all – having fun.

The current sessions are:

Monday 1800-1900 - Ladies Football
Tuesday 1030-1200 - Walking Football
Thursday 1030-1200 - Inclusive Cricket
Thursday 1600-1700 - Get Back to Netball

We also have the pilot sessions between September and December offering a Day Care Centre focused upon sport and recreational leisure. To find out more about these please contact Alison Fisher from SCiA via Alison.fisher@scagroup.co.uk or on 07384 461727

Is there more to life than this?

Have you ever pondered on some of life's big questions, what is it all about, is there more to life than the constant grind that seems to be the case?

AFC Totton, in partnership with St Winifrid's, Totton, will be running the Alpha Course from Thursday 27th September at 7.00pm for 10 weeks. The course will be run by Club Chaplain, Simon Young, with Graeme Dixon of St Win's and will give an opportunity to meet new people, to listen to lots of different viewpoints and explore by discussing and talking with one another.

The Alpha Course has been running for over 25 years and been attended by over 29,000,000 people. So, come along and see what it is all about.

Pie Friday Community Lunch

This generally takes place on the final Friday of the month and is a 2 course lunch (£7.50 per person) cooked by our own Wayne Shaw.

We now have nearly 50 people coming along and the lunch is usually followed by some entertainment.

If you would like to find out more or attend please book in advance through chaplain.2819@gmail.com or by calling 07547 003352
